

Trotting Breed Community COVID-19 Horsemen's Relief Funds Infographic

To help horsemen from the trotting breed community and the collective membership of the American Hackney Horse Assoc. (AHHS), American Morgan Horse Assoc. (AMHA), American Road Horse & Pony Assoc. (ARHPA), American Saddlebred Horse Assoc. (ASHA) and United Professional Horsemen's Assoc. (UPHA). The Joint Leadership Council made up of leadership from each of these organizations has worked together to create two opportunities for grants within the industry. There has long been the UPHA Dewey Henderson Benevolent Fund (DHBFB) for UPHA Professional Members of 2 plus years in need of assistance due to natural disasters. To help provide assistance to the horsemen that do not meet that membership requirement the JLC has started the JLC Horsemen's Relief Fund. This infographic is to help you navigate what grant you should apply. **Applicants can only apply to ONE fund. Applicants with member history and current members as of March 1, 2020 will be given first consideration.** More information on Relief Resources available at www.jlccares.com
